

Rendering Specialist – aodbt architecture + interior design

aodbt architecture + interior design is looking for motivated and dedicated individual who has a passion for buildings, imagery, and working with a multitude of software packages to join our team as a rendering specialist in our Saskatoon, Saskatchewan studio.

aodbt is one of the largest independently owned architectural firms in Saskatchewan. Our team of 45 people provide design expertise in a wide array of projects, ranging from large complex institutional buildings to smaller commercial projects. The group is comprised of architects, interior designers, building science technologists, and construction administration personnel. Further information about who we are can be found on our website, www.aodbt.com, or on our facebook page, [aodbt facebook](#).

The successful candidate will show an ability to create digital renderings of both interior and exterior environments. You will work with the design team to translate a designer's insights into imagery that can be used to convey a design concept to a client or for marketing and promoting the firm. A strong understanding of the built environment, past experience with building renderings, the ability to work well in a team environment, and a proven ability to use numerous software platforms would be considered assets.

Successful candidates should be proficient in or show an ability to learn the following:

- Revit
- Lumion
- Sketch-up
- 3ds Max or Rhino
- AutoCAD
- Adobe suite of software
- MS Office suite of software

Applicants should possess some post-secondary education in the fields of Architecture, Architectural Technology, Graphics/Visual Arts or Computer Science. Those with a strong portfolio of rendered projects who do not have this training are also encouraged to apply.

The above noted opportunity is a full-time position for our Saskatoon office. Those wishing to work in Prince Albert would also be given consideration. aodbt has been recognized as being a living wage employer and providing a good work-life balance for employees. The firm provides competitive compensation, a strong benefits package, and numerous other benefits for our team. Salary for this position is commensurate with experience.

Those wishing to apply for the above position should provide a cover letter, resume and portfolio of past work for consideration.
